ZAYN ALABDEEN SWAIKAT

Full-Stack & Flutter Developer

zeinsoykat@gmail.com zayn-portfolio.vercel.app www.linkedin.com/in/zayn-swaikat-8b89553a9 Tartus, Syria

SUMMARY

Full-Stack & Flutter Developer with hands-on experience building scalable web and mobile applications using React, Django, and Flutter. I specialize in creating user-centered platforms with clean UI/UX and strong backend architecture, including authentication systems, REST APIs, and real-time data integration. I've developed multiple full-stack projects ranging from marketplaces and medical platforms to educational mobile apps, focusing on performance, usability, and structured system design. Currently advancing my backend and mobile development skills through professional certifications while pursuing a degree in Information Technology.

KEY ACHIEVEMENTS

Meta Front-End Developer Professional Certificate
Completed Meta Front-End Developer Professional Certificate (Coursera)

Duolingo English Test
score: 125/160 (B2/C1)

Private Tutor
Tutoring students in algorithms, data structures, and programming, helping their coding skills algorithms and logic.

Syrian Scientific Olympiad - Informatics
Awarded Certificate of Appreciation for national-level excellence in improve

EXPERIENCE

Private Programming & Algorithms Tutor

Self employed

08/2025 - Present Tartus

As a Private Programming & Algorithms Tutor, I delivered comprehensive instruction in algorithms, data structures, and C++ fundamentals to more than 15 students of various proficiency levels. I architected custom problem sets and practical coding exercises designed to sharpen students' logical reasoning and algorithmic problem-solving capabilities. Furthermore, I consistently provided structured feedback and monitored student progress, which resulted in a measurable 20-30% improvement in their coding test performance.

- Mentored 15+ students in algorithms and programming.
- Helped students improve coding test scores by 20–30%

Freelance Full-Stack Developer

Self Employed

12/2025 - Present Remote

Built and deployed full-stack applications using React and Django. Designed REST APIs, authentication systems, and dynamic user interfaces. Delivered multiple production-ready projects with optimized performance and responsive design. Managed deployment using Vercel and Render.

- Delivered 3+ freelance web projects to clients
- Increased project performance and responsiveness by 25%

Humanitarian Volunteering

Brücken der Hoffnung (Bridges of Hope)

03/2025 - 05/2025 Tartus & Latakia

With **Brücken der Hoffnung**, I organized and distributed essential food baskets to underprivileged families in the Syrian coastal region. I ensured efficient aid delivery while demonstrating strong teamwork and social responsibility in high-pressure environments

- Reached +500 Families

CORE COMPETENCIES

Teaching and Soft Skills

Adapt teaching to student's level, Analytical Thinking, Clear Communication, Time Management, Critical Thinking.

Technical Skills

Frontend

React.js, JavaScript (ES6+), HTML5, CSS3, Responsive Design

Backend

Python, Django, Django REST Framework, REST APIs, JWT Authentication

Mobile Development

Flutter, Dart

Database

MySQL

Tools & Deployment

Git, GitHub, Vercel, Render

Programming

C++ (OOP), Java

Projects

- **HI Maths - Mobile Educational Platform**
  Flutter, Django, REST API
  - Built a full mobile application with authentication and personalized dashboards
  - Integrated student data from Google Sheets into backend database
  - Designed structured educational content system for high school students
- **Dawwerha - Full-Stack Marketplace**
  React, Django REST Framework
  - Developed marketplace with JWT authentication and protected routes
  - Implemented image uploads and admin moderation system
  - Built fully responsive RTL Arabic interface
- **Sukoon Medical Center - Management System**
  React, Django
  - Built system for managing patients, doctors, HR, and appointments
  - Added doctor evaluation system and role-based functionality
- **Daily Score - Personal Tracking App**
  React
  - Created local-first app tracking mood, habits, and finances
  - Implemented data visualization and CSV export

EDUCATION

Bachelor's Degree in Information Technology | EQF Level 6

Latakia University, Latakia, Syria

10/2024 - Present
